

veterinary parasitology

Fri, 30 Nov 2018 21:16:00 GMT veterinary parasitology pdf - Parasitology is the study of parasites, their hosts, and the relationship between them. As a biological discipline, the scope of parasitology is not determined by the organism or environment in question but by their way of life. This means it forms a synthesis of other disciplines, and draws on techniques from fields such as cell biology, bioinformatics, biochemistry, molecular biology ...
